Ellen's hospital profile

nice things people say about me

Good dancer, friendly, chatty, helpful, polite, fun to be with, adventurous, creative, brave

What's important to me

- Having my blanket with me
- Having Mum or Dad with me at all times and visitors at visiting times
- Knowing the name of the nurse who is looking after me
- Being able to suck my left thumb
- Having things to do to keep me busy, playing cards, watching a movie, craft things

Made by Ellen and Mum

How best to support me

- If I need an injection please don't prick my left thumb or put a cannula in my left arm, I won’t be able to suck my thumb
- Tell me the name of the nurse who is looking after me first thing in the morning
- Tell me if I am having any scans or x-rays, don’t wheel me away without telling me where I am going
- If I am worried spend time talking to me using words I understand
- Let me take my blanket with me
